From,

**Jitendra Srivastava , IAS
Managing Director.**

To,

All Electrical Superintending Engineer,
Electric Supply Circle,

All Electrical Executive Engineer,
Electric Supply Division,

North Bihar Power Distribution Co. Ltd.

Sub.:- To provide materials for O&M work from the existing stock.

Sir,

It has been reported by many field Officers that materials though available in the stores but for different head/ purpose and not in O&M head, as such the work of urgent and routine maintenance are suffering. It has been, therefore decided that 10% of the existing stock of any head other than O&M may be diverted and utilized for O&M work on replenishment basis with proper accounting of stocks at the store level. The material will be returned to that head when available in O&M.

This comes into force with immediate effect.

Yours faithfully,

23/9

**(Jitendra Srivastava)
MD, NBPDC.**
